

How to Create an Account:

You and each member of your family will need to create their individual account. The details for each person remains confidential to them and allows the personalization and tracking of the services they have obtained.

To Create a Personalized Account:

1. Go to <http://www.homeweb.ca> or download the Homewood Health App on your devices.
2. Click on Register.

3. Enter Judges Counselling Program or JCP into the section entitled Please enter your Company Name/Organization and click on Find it!

A screenshot of the "Create a Homeweb Account" form. At the top right is "Change Language" with a "FR" button. The main heading is "Create a Homeweb Account". Below it is a prompt: "Please enter your Company Name/Organization". There is a text input field containing "Please enter your Company Name/Organization" and a purple button with a magnifying glass icon and the text "Find it!".

4. Once this information is entered, you will be prompted to enter your personal information and create a custom password for your account.
